WOODYARD CREATED HERE TO GIVE ALMS-SEEKING TRANSIENTS WORK

Persons Asking for Food and Clothing To Be Sent to Scene of Work

MATERIAL TO BE SOLD

Ticket, Worth 35 Cents at Cafes, Stores, Will Be Given for Time

Establishment of a municipal woodyard to provide work for those persons wanting food or funds was effected today, being located on Second avenue, just across from the Upland police station. All tools will be kept in the police office and the policemen will be in charge of recompensing the transient alm seekers.

Plan back of the woodyard is to provide a place for persons to be sent in response to their request for assistance. They will be given an hour's work and in return for this will receive a coupon valued at 35 cents at any local store or cafe. The coupon will bear the name of the Associated Charities, the name of the local relief committee.

The cut-up wood will be sold to persons at a low figure, this money to offset the 35-cent-an-hour labor charge. The Associated Charities, Ernest H. Gibson, chairman, and Clair E. Kirk, secretary, will be in charge of the enterprise, receive donations of wood, sell the fireplace length timbers and cash the coupons for the merchants.

The project is to be self-maintaining. Wood is expected to be donated and material, suitable to be used, is sought in an appeal issued by Mr. Gibson today. Trucks to haul the wood have been assured. All details of operation have been donated.

"If people will donate the wood—wood of any kind, and if persons will purchase it for burning and pay a very reasonable price, the project can aid the transients and relieve the housewives and others from the daily task of assisting or refusing to assist those who call," Mr. Gibson said.

"Send any who ask for aid to the woodyard and explain that the tools are kept at the police station. After working an hour, they will be given a ticket, which they can use as money at the cafes or stores here."

The Associated Charities was formed to relieve Upland residents and donations of food, clothing, furniture and money are being received at the Upland chamber of commerce office. This work will in no way be interfered with by the woodyard project. Worthy needy persons here, however, in need of wood, as well as food and clothing, will receive the wood as part of the distribution, Mr. Gibson explained.

ANNUAL MEXICAN PARTY AT CHAFFEY

Christmas Event Will Be Held Friday Night; Girls in Charge

Plans are well under way for the Christmas party and program for Mexicans which is given annually in Chaffey auditorium. The part-time department, the Spanish clubs and the Girl Scouts, Girl Reserves, Reliquae and Y. W. C. A. are cooperating to make this event a big success.

Plans for the party, which will be given at 7 o'clock Friday evening, Dec. 18, are being made by the Girls' Council at Chaffey high school, the council membership including a representative from each of the girls' clubs in the school. The members of the council, recently elected, are: Daisy Carr, Sally Ford, Mary Louise Davenport and Ellen Roe, of Girl Scout troops Nos. 4, 1, 3 and 7, respectively; Georgiana Graber, Ontario Girl Reserves; Lorraine Pallette, Upland Girl Reserves, and Alyce Robbins, Reliquae.

The girls are planning for an attendance of 800 children, and with the adults the Chaffey auditorium is expected to be filled to capacity. This party is particularly for the Mexican people, who are reached in no other way at Christmas time.

Upland troop No. 1 Girl Scouts and Upland Girl Reserves made and delivered the brightly colored envelopes in which the invitations in Spanish were sent out.

Troops 4 and 7 are making the 800 popcorn balls; Troop 1 is responsible for decorating the Christmas tree and shining the apples, while the Ontario Girl Reserves will fill the candy bags. Each club is furnishing two helpers for Santa Claus to distribute the bags and all the clubs are uniting in the Christmas carols.

The program will include a puppet show with Christmas carols by Miss Ewald's Spanish classes, a play by Miss Buckingham's classes, music by the orchestra, organ music by Phyllis Moore, music by a chorus of Mexican girls, and a Christmas tableau by the young people of the Upland Presbyterian church.

Dr. Hill Is First To Use New Woodyard

Garbed in the clothes of a laboring man, Dr. Merton E. Hill, former principal of Chaffey institutions, served time on the city's new woodpile for the transient unemployed. In the process of sawing up timbers, Mrs. Edna Swan's camera caught the educator, along with Ernest H. Gibson, head of the woodpile committee, and J. F. Sawyer, chief of police, who will handle the men as they report for work.

Dr. Hill's presence was the result of a wager made at his Methodist church class Sunday morning. Mr. Gibson told of plans for establishing the woodyard, and Dr. Hill jokingly responded that he would be the first on the job. At that, Mr. Gibson took him up. And so Dr. Hill did his stuff with the saw today.

Cucamonga Undecided About Putting Entry in 1932 Orange Show

CUCAMONGA, Dec. 15—Whether or not this community will have an exhibit at the National Orange show, San Bernardino, has not been determined and unless some leader comes forward and assumes the responsibility soon, no Cucamonga entry will be seen by the thousands of show visitors.

For years Cucamonga has been near the front in the prize money as the result of the unique and distinctive exhibits prepared under the direction of Judge James Sharp. So far, Judge Sharp has not made plans for another entry and no one else has signified an intention of assisting.

An exhibit costs several hundred dollars and in the past public subscription has raised a large proportion of the funds. Some feel that the money should be spent in aiding local needy families and that is one of the main reasons for no definite action.

The Service Club has considered sponsoring the show event, but no definite decision has been reached.

BIG UNION CHOIR TO SING CANTATA

Methodists and Mennonites To Present "The Coming of the King"

A combined choir of 55 or 60 voices from the Methodist and Mennonite churches will present a dramatized version of Dudley Buck's great cantata, "The Coming of the King," as their Christmas musical program.

The cantata will be given in the Mennonite church at 7:30 Sunday night, Dec. 20, and probably will be repeated on Monday night.

The choirs will be directed by Mrs. Ralph J. Wilson and Mrs. Fannie Gay will be pianist.

The tableaux, which very effectively dramatize the story of the nativity, are being arranged by Mrs. J. A. Betz, while Mrs. Frank Richardson is chairman of the costumes committee.

The beautiful tableaux will be made even more impressive with special lighting effects which will be in charge of H. J. Stickney.

"The coming of the King" was given here two years ago and drew large audiences. The Mennonite church has a large platform that will accommodate the great union choir, the acoustics of the buliding are excellent and the auditorium has a large seating capacity.

The cantata is a particularly beautiful musical composition and with the many splendid voices in the choir, its presentation is expected to be an outstanding event in west-end Christmas observances.

Seriousness of Boy and Girl Problem Is Told at Rotary Club

An intensely interesting address stressing the seriousness of the boy and girl problem was told at Rotary club today noon by Dr. Schidler of Torrance, who has made a deep study of conditions and their causes. By means of a chart Dr. Schidler demonstrated the ages at which the mother, father, church, school, etc., have their greatest influence upon the youth. Taking for his subject "The Adolescent Boy," he gave the decision period of the boy as between 14 and 18 years of age.

The advertising propaganda of tobacco companies and the movies, particularly as shown in pictures in newspapers and on billboards, was given by the doctor as one of the worst influences upon the young people of today, stating also that the mind of a boy reared during hard times is different than those growing up in good times, the ease and abnormal stimulus of prosperity being a decided detriment. Back to the simple life is the great need of the young people.

President G. A. Hanson presided and the program was in charge of R. H. Henderson, chairman of the boys' work committee, who introduced the speaker.

A number of Rotary Ans were present as guests of their husbands because of the significance of Dr. Schidler's address.

JACK BROWN ARRESTED

Disgruntled Employe Returns to Family After Shooting Two Men

Charles G. Spencer, district manager of the Southern Counties Gas company, and Ralph Hathaway, chief clerk for the concern, were shot early this morning by Jack Brown, a former meter reader for the company. The two men are near death in the Pomona Valley hospital.

Brown, discharged about eight months ago, was at the gas company office location before Spencer arrived in his car. A short conversation took place, it is reported, before Brown drew a gun, pointed it directly at the head of his former chief, and pulled the trigger. Leaving the wounded man on the sidewalk, Brown drove to Hathaway's home. He called to him and as he appeared turned the gun on him. Hathaway was shot in the stomach while Spencer was shot in the face.

Brown is in custody of Pomona police. He was arrested at his home. He returned to his wife and family after committing the deed. Just before his discharge, Brown read meters in the Upland-Ontario district. Disgruntled over being discharged is believed by authorities as responsible for the man's act.

Today's Bible Verse

A prophet is not without honour, save in his own country, and in his own house.—Matt., 13:57.

Here we've always been led to believe that Dolly Madison, the charming fourth "First Lady" of the land, was the inventor of that great indispensible American hot weather dish—ice cream. But now comes along the United States George Washington Bicentennial Commission with the statement that in all probability it was "the father of our country" who invented that alluring confection. The Commission says that in all probability George Washington made ice cream at Mount Vernon at least thirty years before Dolly Madison is supposed to have prepared it the first time. And here's the evidence they give to prove it: In his cash memorandum book he wrote on May 17, 1784: "By (for) a cream machine for ice 1.13.4," the amount being over $5. This would indicate that the first president was first, in America at least, in one other thing not connected with war and statesmanship. If there has ever been anyone who felt that George Washington was not "first in the hearts of his countrymen" it will undoubtedly become unanimous now with the added title "father of ice cream."

Must be that football heroes are giving competition to the movie actors and actorineses. Word comes from U. S. C. that since their team gave the country—especially the eastern part of it, melnding the Notre Dame team—the shock and surprise of their lives "fan mail" has been rolling into the Trojans in such quantities the mail carriers are convinced the Christmas rush has already started. Well, if we have to take the choice of having our girls pick between a movie star and a football player—we hope they pick the latter. There may be some chance for him, but when a fellow becomes a screen sheik he's done for—that's the last stage.

Congressman Phil Swing of this district has introduced a bill in Congress authorizing a Hoover dam exposition to be held in 1937. It is Mr. Swing's idea that all of the Southwest desires to invite the world to inspect this great engineering structure when completed, that this movement has properly originated in California, and predicted this would be one of the greatest celebrations in world history. The site of this immense project was visited by many thousands of people before the actual work began and it is only natural to predict that many more thousands will be anxious to see the huge dam after it is completed.

About the most timely bit of wit we have read in a long time was that sprung by Tobias Larson in his Claremont Courier last week, when he said: "Mayor Walker should worry less about Mooney and hurry back to Harlem to see that Amos gets out of jail." And we suggest that if Mayor Jimmy don't meet with success he can get a lot of valuable suggestions from Andy.

Merry Bridge-Birthday Party At the Jellison Home—

A delightful evening at bridge was provided by Mr. and Mrs. Clifford Jellison when they invited a number of friends to their home on West Eighth street Friday night. The affair really was a birthday party for Mrs. Ernest Olson, only no one suspected the fact until late in the evening.

Gathering about the bridge tables the guests and their hosts found entertainment in spirited playing of the favorite game. It was at the conclusion of the playing that Mrs. Olson and the other guests were reminded of her birthday anniversary when, instead of awarding high score prize, Mrs. Jellison presented Mrs. Olson with a lovely birthday gift, to the prettily expressed surprise and pleasure of the honoree, who also was showered with birthday wishes by her other friends.

Concluding the party, Mrs. Jellison served a delectable southern collation.

Attending the party were Mr. and Mrs. Ernest Olson, Mr. and Mrs. Fred R. Rickel, Mr. and Mrs. Arthur Allen, Miss Florence Armstrong, Miss Lorene Lamphear, Miss Margaret Doig, Miss Ethel Olson, Robert Armstrong, Francis Wilson, Elmer Allen, Harland Horak, John Jellison and Mr. and Mrs. Jellison.

Heineman, deputy state superintendent of schools, and Mrs. Florence E. Galentine, Southern district president, who will be the dinner speaker for the January meeting of the Upland Business and Professional Women's club.

During the meeting Mrs. Winter gave a parliamentary talk, explaining particularly the proper handling of organization funds.

One step taken during the business meeting that will be of interest to all club women, was the appointing of delegates from the several Los Angeles clubs to petition the mayor and council to provide aid for the many unemployed women and girls, who have no one on whom they may depend for support.

Mrs. Winter attended the meeting as a representative from the Upland club.

Mother's Anniversary Observed in Party

CUCAMONGA, Dec. 15.—Sunday marked a very auspicious occasion for Mrs. Katherine Isaac of Los Angeles, mother of Mrs. A. K. Toews, for it was her seventy-fifth birthday anniversary.

At 2 o'clock in the afternoon 26 relatives and friends were delightfully entertained at a birthday party in honor of Mrs. Isaac at the A. K. Toews home on Archibald avenue. Auto after auto of relatives arrived at the Towes ranch, which was indeed a great surprise to Mrs. Isaac. Even Mrs. T. E. Green of Hydro, Oklahoma, oldest sister of Mrs. Toews, was present for the distinctive and complete family reunion.

Opening the afternoon's program, which was greatly enjoyed by everyone, Rev. John Lichti of Upland read Psalm 121, which was followed by prayer. The entire group then sang Grandmother Isaac's favorite song, in German called "Ists Auch Eine Sreude," which translated into English means "There Is Joy in My Life." A trio was given by the three oldest daughters, Mrs. Toews, Mrs. Green and Mrs. Henry Reimer of Upland, and a piano duet by John Toews and Ruth Reimer. Favorite scripture passages were quoted by everyone, a beautiful piano solo was given by Miss Kathryn Isaac of Los Angeles, a reading by Mrs. Henry Ledig, who is a very dear friend of Mrs. Isaac, and a reading by John Toews.

The sons and daughters then sang a number of old gospel songs that were taught to them by Mrs. Isaac when they were small children. Mrs. Toews, who is noted for her exceptionally fine guitar playing, accompanied the group.

A beautiful tulip quilt with tulip flowers bearing the names of all of Mrs. Isaac's children, grandchildren and one great grandchild was presented to her.

In a cunning and clever way little Trudie Reimer, daughter of Mr. and Mrs. Henry Reimer, presented her grandmother with a large and lovely birthday cake with 75 lighted candles on it and trimmed with yellow flowers and green leaves. The cake was baked by Mrs. Green, daughter of Mrs. Isaac.

Concluding the afternoon's entertainment dainty refreshments were served by the hosts, Mr. and Mrs. Toews. Those attending the happy occasion were Rev. and Mrs. John Lichti of Upland, Mrs. T. E. Green of Hydro, Okla.; Mr. and Mrs. Henry Reimer and daughters, Ruth and Trudie, of Upland, Mr. and Mrs. Henry Simpkinson, of Calexico; Mr. and Mrs. J. S. Thiessen, of Montbello; Mr. and Mrs. E. S. Hillendohl and sons, Edwin and Richard, of Alhambra; Mr. and Mrs. Theodore Isaac of Baldwin Park; Mr. and Mrs. R. H. Isaac and children, Kathryn, Hal, Phillip and Nancy, of Los Angeles; Mr. and Mrs. Emil Toews and daughter, Kathryn, of Los Angeles, and Mr. and Mrs. Toews and son, John, and daughter, Frieda.

J. M. Busby, Pioneer of Upland, Is Victim of Sudden Attack

Victim of a sudden attack of illness, John Madison Busby, pioneer resident of Upland, fell dead in the doorway of his bedroom at 5:40 this morning.

Although he had been in poor health, having suffered from asthma for many years ,still he was up and about and his health was entirely unexpected.

Mr. Busby was born in Indiana and was 82 years and seven months of age. He came from Indiana to Upland 34 years ago and had made his home in this district since then. At one time he was for eight years keeper of the old toll gate of the San Antonio canyon. In recent years he and Mrs. Busby have been proprietors of a grocery store at Fifth avenue and Foothill boulevard. He was known to scores of friends throughout the district.

Mr. Busby is survived by his wife and one son, Glenn Busby of Los Angeles, and one grandson.

Funeral service will be held at 2 p. m. Thursday, Dec. 17, at Stone's Funeral home, Dr. R. C. Stone officiating. Cremation will take place in the Pomona mausoleum.

Mrs. Manker Goes to Library Committee Meeting in Berkeley

Mrs. F. H. Manker, librarian of the Upland public library, attended a joint meeting of the certification committee, the salaries committee and the library schools committee, held in the Berkeley library on Monday afternoon of last week. Mrs. Manker is a member of the salaries committee, of which Librarian Kaiser of the Oakland library is chairman.

Fred Telford, director of the bureau of public personnel administration, who has spent some time in California making personnel surveys involving among other things, recommendations for salary increases, was able to be present for the meeting. However, making a distinction between professional and non-professional standards occupied most of the time at the committees meeting. When these standards have been settled, the salaries question and the school library certification and salary will practically settle themselves, it is believed.

Mrs. Theodora Brewitt, Long Beach librarian and chairman of certification, and Miss Vogleson, Los Angeles county librarian, were others present from the south.

Mrs. Manker was accompanied by her husband, the couple making the trip in three days, mostly through rain, up the coast and down through the valley, reaching home Tuesday.
